

# How to add LinPhone to PC

Head to [www.linphone.org](http://www.linphone.org) and download the app for your Windows PC or Apple Mac Computer. Go through the necessary install and once LinPhone is installed follow the steps below.

Click on "Account Assistant"

Click on "Use SIP Account".

Then, enter the phone number that you will be using in the "Username" box.  
For the SIP Domain, enter "sip.kiwivoip.co.nz".  
Enter your KiwiVoIP customer portal password as the password.  
And finally, use "UDP" as your "transport".

USE A SIP ACCOUNT

Username	Display name (optional)
<input type="text" value="091234567"/>	<input type="text"/>
SIP Domain	
<input type="text" value="sip.kiwivoip.co.nz"/>	
Password	
<input type="password" value="....."/>	
Transport	
<input type="text" value="UDP"/>	

Click on "Use" and you should now have a fully functioning softphone using LinPhone.
